ANOTHER BODY IS FOUND

Ashes Of Regina Hotel
Give Up The Remains Of
The Fourth Victim

Bulletin Special.
Regina, Sask., Nov. 21.—Another body was found in the Windsor Hotel ruins, bringing the total number of those so far found to four. The bodies are believed to be those of Robert Johnston, of Nebraska, W. N. Robinson of Lajord, Saskatchewan and W. Mussetter, Regina. The two first have been almost positively identified by watches and keys found near them. The body found tonight, which is thought to be that of the younger Mussetter, had pieces of clothing adhering to it, and it is stated that he went back in the fatal morning into the fire to fetch his brother, who was in another room. The two first when found were lying near iron beams and the opinion is that the men met death in their beds. A vast amount of rubbish has yet to be cleared away and it is not likely that the search will be actually completed before Saturday.

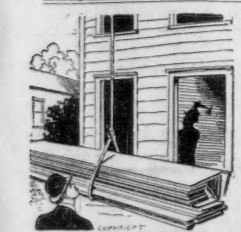

TROOPS IN HAMILTON
Hamilton, Nov. 19.—To-morrow night will see the dragons quartered in Hamilton. This afternoon, when the company notified Mayor Biggar that it would operate as a night patrol, the mayor asked it not to do so, as he thought it would only invite trouble and the police were not strong enough to give adequate protection. The company was at first ordered and the mayor summoned two justices of the peace, Magistrate Jeffs and W. C. Moore, as the statute provides that he may and two justices of the peace may call out the militia. Sheriff Middleton was also present at the conference which was held behind locked doors. It is understood, however, that they agreed to send for dragons. The company finally backed out, however, and consented not to operate at night until to-morrow. On that understanding the call for the militia was delayed until to-morrow. Although the cars were taken into the barn before dark to-day there were two serious disturbances and car windows were shattered with snow balls, stones and bricks.

BIGAMIST AGAIN CAUGHT

Brought Back To Brandon
From New England
States

Bulletin Special.
Brandon, Man., Nov. 21.—Leander McDonald Ford, the alleged bigamist, who escaped from Constable Brownie at North Bay, while being brought back to Brandon, from Auburn, Mass., and who was recaptured last Monday morning at Barrie, Ont., reached Brandon this afternoon and is now safely lodged at the police station. Ford, while being brought back in a manner that no one would know that he was a prisoner, after promising to make no attempt to get away, took advantage of the policeman's absence for two minutes while in the lavatory to jump the train at North Bay, at 10 o'clock on Saturday night, it being very dark and raining. Ford then walked to the next station south, a distance of eight miles, where he jumped a freight train, but was put off the train by the conductor at the next station. Ford then walked to Carleton place station on Sunday morning and at night got on a passenger train when he was recognized by the conductor who had in the meantime been posted. Brownie, who was looking for Ford, handed him over to an officer of the law. Brownie, who was looking for Ford, handed him over to an officer of the law. Brownie, who was looking for Ford, handed him over to an officer of the law.

STRIKE SETTLED
Minneapolis, Minn., Nov. 19.—President Mitchell, of the United Mine workers, said to-day that whatever the difficulties existing between the operators and miners in the Crow's Nest Pass coal fields of British Columbia, they are all over now and that the men will go back to work. President Mitchell declines to say which side won in the strike, but says that men will work under their old agreement with the operators.

WOMAN SKIPPER FOR SHAMROCK FOUR

Philadelphia, Nov. 21.—If Sir Thomas Lipton, Irish knight and cup challenger, has his way, Miss Jane Morgan, daughter of Randall Morgan, who is the United Gas Improvement company's head, will skipper the Shamrock IV. either to victory or defeat.
If Miss Morgan consents to be skipper for Sir Thomas and she intimates she may—she will be the first woman to contest for the America's cup, or in fact for any cup offered in a yacht race, great or small. Miss Morgan is the only really, truly, licensed and capable society girl-skipper in the world. She sails her father's great yacht and has studied navigation for that purpose.
"Miss Morgan is a most capable skipper," said Sir Thomas, "and is proud of her knowledge of a profession in which it has often been a surprise to me that women do not take a more active part. You can put me down as an enthusiastic supporter of women skippers. I'll tell you this—if Miss Morgan will only sail my new yacht, I will be more than glad."

CANADA DOES NOT WANT THEM

Bulletin Special.
Montreal, Nov. 21.—At a meeting of the board of trade today a island was taken on the practice of certain English magistrates who deport criminals to this country instead of sending them to jail. It was the opinion of the meeting that the habit of suspending sentences in such cases was wrong, especially when the dumping of criminals in Canada only transferred their career of crime to a land where there was no need of such victimizers. The council of the board of trade resolved to address the premier at Ottawa asking that representations be made to the proper quarters in England urging that magistrates there be restrained from sending criminals to Canada.

ROYAL GRAIN COMMISSION

Secretary Of North-West
Grain Dealers Association
Explains Matters

Bulletin Special.
Winnipeg, Nov. 21.—F. O. Fowler, secretary of the North-West Grain Dealers' Association, was the only witness examined at the afternoon session of the grain commission. He explained that the association had been organized for the purpose of reducing the expenses of running country elevators by club methods, and stated that at the close of the market each day he forwarded a telegram to one of the buyers of a company connected with the association, whose duty it was to communicate the contents to the other buyers at the same point. Mr. Fowler, upon taking the stand, was subjected to a cross-examination by Mr. Menahan, in the course of which it was elicited that the association had been formed in 1902, and was afterwards converted in 1903 into a joint stock company by special act of the Manitoba legislature, and that it was composed of about one hundred and twenty grain dealers, mostly elevator and mill owners, of whom ninety were non-residents of the city. The association had, he stated, been formed for the purpose of enabling the owners of country elevators to operate them more cheaply by clubbing together in the sending of telegrams regarding the price to be paid, the obtaining of cheaper freight rates, the buying of gasoline in large quantities and consequently more cheaply, and other like objects. The cost of transmission of telegrams to their country agents by members of the trade had, previously to the formation of the association, cost between eight and nine thousand dollars per month, where it now cost only about \$2,500 per month and a quicker delivery was assured on account of the fewer number sent. There were also several other small items on which money was saved to the trade by these club methods. The witness stated that he sent telegrams to the number of about three hundred at the close of the market each day, one to a buyer in each town, and was expected to transmit the contents of the wire to the other grain men connected with the association in the same town. As the telegram was to be shown to each it was signed and was then returned to the witness who filed it for future reference. Asked why there was a rule requiring the paper to be signed, he said that it was simply a business method whereby the different firms could learn that the prices were being properly transmitted to their representatives each day. The price wired out was always one cent less than the market price which was allowed for commission, except at times when there was a premium on cash wheat when the farmer was given the benefit.

CHINAMEN EXCLUDED

British Authorities Decline
To Allow Celestials To
Land

Bulletin Special.
London, Nov. 21.—The first attempt to exclude Chinese from landing in Great Britain, is now occupying the attention of the immigration bureau. Thirty-two Chinamen from Hong Kong who arrived at Gravesend Monday en route to Liverpool, were refused permission to land, the immigration office basing their refusal on the Chinamen lacking means to support themselves. The case was appealed to the immigration board, and after considering, decision was postponed, the chairman of the board pointing out that this was the first case under the aliens act, passed last year and was one of great importance.

NIAGARA POWER IN DEMAND

Bulletin Special.
Toronto, Nov. 21.—Applications for 124,495 horse power have been received by the Hydro-Electric Power Commission from forty-six municipalities in Ontario. The commission will prepare figures at cost as soon as possible, so that the municipalities interested may vote on the question at elections in January. Part of the city of Toronto was lighted for the first time tonight by the electric current from Niagara river.

"CANUCKS" By the Cartoonists

Registered in accordance with the Copyright Act by the Newspaper Artists and Cartoonists' Society of Canada.

W. F. BREDIN,
Member of the Provincial Parliament for Athabasca

Mr. Bredin was born at Woodlands, County Stormont, Ont., April 17th, 1857, and received his education at Carleton Place high school, and Coburg Collegiate Institute. On completion of his education he came to Manitoba, and took up farming for a few years. Afterwards he was engaged in construction work for the Northern Pacific railway in Montana.
In 1885 Mr. Bredin went in for ranching by which he profited considerably. Mr. Bredin has been engaged in a number of different pursuits with varying success, but his chief occupation for the past 15 years has been fur trading and pioneering.
His headquarters are at Lesser Slave Lake, which has a population of about 1,000. On October 31st, 1906, Mr. Bredin was elected by acclamation to the Alberta legislature, for the electoral district of Athabasca, and has fulfilled his duties to the constituency in a most creditable manner. Being so long a resident in the west Mr. Bredin has naturally a host of friends, being one of the most genial of men. He is in favor of the speedy development of the country north of Edmonton, and the extension of the northern boundary of Alberta to the Arctic ocean, in order to include the Great Slave Lake and Mackenzie River Basin. Mr. Bredin's reminiscences of Western Canada are most interesting.

SPEECH FROM THE THRONE

Refers Specially To Tariff
Revision--Other Matters
Dealt With

Bulletin Special.
Ottawa, Nov. 22.—In the speech from the Throne opening Parliament, Lord Grey referred to the unparalleled prosperity of the Dominion, the great expansion of trade and increased immigration, especially from the British Isles. He alluded to his tour through the western provinces where he found the people prosperous happy and contented. Reference was made to the Milan exhibition where the Canadian exhibit was a feature of the display and which will lead to increased trade with Southern and Central Europe. Special reference was made to tariff revision. The tariff will be reasonable and moderate and not much change in substance. British preference he considered legitimate discrimination against those countries who refuse to deal with Canada on something like equal terms. Reference was made to taking over the naval docks off Halifax to be used as a base for aid of navigation. Satisfaction is expressed at the Imperial legislation to prevent any movement to deter immigration to Canada. Reference was made to the meeting of the Provincial Premiers, the census of the western provinces which will add five members, three for Saskatchewan and two for Alberta. A bill will be introduced to make the election law more stringent. There will be a bill to amend the Dominion Land Act, one to amend the Postoffice Act, one for the inspection of meats and canned goods and one dealing with patent medicines.

STEAMERS COLLIDED

Kaiser Wilhelm Der Grosse
In Collision With The
Orinoco

Bulletin Special.
Cherbourg, France, Nov. 22.—Details of the collision yesterday between the North German Lloyd's steamer Kaiser Wilhelm der Grosse and the British Royal Mail steamer Orinoco, show that it occurred at 9 o'clock last night. The steamers were both outward bound for New York and West India ports respectively. The Orinoco is described as having been terrible, causing a panic among the passengers on board the two vessels. Three men and a woman were killed, six women and a man injured and five persons knocked overboard and drowned. Of the two seamen the German liner sustained the greater damage but beyond the fact that she has a hole in one side the nature of her injuries has not been ascertained. Four of the crew of the Kaiser Wilhelm der Grosse are reported to have been killed and twelve to have been injured, but the exact number of killed and injured on that vessel have not been reported yet. The damage to the Orinoco was confined to her bows. Both vessels remain in the roadstead here.

THREE KILLED BY EXPLOSION.

Rochester, N.Y., Nov. 21.—A fatal accident occurred this forenoon at Eastman Kodak Park works, at the Charlotte boulevard, in which three men were killed, eight seriously injured and six slightly injured. One of the dead has been identified as Jas. Burns, of Rochester, and another as Earl Cleveland, of Auburn. The men were at work on a scaffold near the top of a two story building, which is one of eight buildings in course of construction in Kodak Park. It is known as the emulsion building and was constructed of steel, concrete and brick. A hasty examination of the wreck revealed that the probable cause of the accident was the removal

LIBERALS ELECTED

of the supports of the steel flooring before the concrete had properly set. About twenty workmen were on the upper scaffold when the top floor gave way. The roof and walls toppled in with a crash. The men were hurled into the debris, falling about forty feet. It is known that at least three men were killed while ten were carried to the hospitals in ambulances. As the men were worked by numbers the dead and injured cannot be identified until the contractors look up the names and the numbers in their books.

ALDERMANIC OUTLOOK

Nine Candidates Now In The
Field--Two Mayoralty
Candidates

The political pot is commencing to seeth, and candidates are bobbing up here and there while public meetings are being spoken of with more or less certainty.
The candidates who are now certainly in the field are Lucien Dubuc, attorney; F. M. Lennie, of the Cecil hotel; J. R. Heatherington, real estate agent, First street; A. H. Allen, accountant, of the Bulletin, and the East end ticket.
Others are spoken of but none so far have positively stated that they will run, although there are some who have been spoken of who positively state that they will not run. John I. Mills is one of these. His name was freely mentioned on the streets, but he positively states this morning that he is not a candidate.
On the mayoralty ticket, J. T. Blower, who has been mentioned as a possible candidate, stated positively this morning that he was not going to run. John A. McDougall, whose name in this connection has probably been mentioned more often than that of any other man, is not a candidate. Mr. McDougall said this morning that he had been asked time and again, but that he would not consider it.
This leaves the mayoralty race still clear to the original aspirants, Thos. Bellamy and W. A. Griesbach, with no other candidates in sight.
J. R. Heatherington is the only aldermanic candidate so far who has put his platform in print. He limits himself to three clauses, as follows—
1. Municipal ownership of public franchises and utilities.
2. Progressive and honest civic legislation, consistent with economy.
3. A limited reduced car fare for working men.
Lucien Dubuc says that he has not yet laid down a platform except in a general way. He will endorse the policy of municipal ownership adopted by past councils and the large program of public works laid out by the council just retiring. It is in the expeditions and business-like carrying out of this policy and these public works that the members of the next council will have their opportunity to

STRATHCONA NEWS

MAYORALTY CANDIDATES

To the Bulletin this morning Mayor Sheppard stated that he had definitely decided not to again offer himself as a candidate for mayoralty honors. Mr. Sheppard has given a great deal of his time during the past year to the work of the city and feels that in the coming year he should devote his entire attention to his own business. The contest for the mayor's chair therefore resolves itself into a fight between Alderman A. H. Richards and Mr. N. D. Mills. Both gentlemen are very popular and a keen contest will be the result. Late names mentioned as prospective candidates for the council board are James Green, R. A. Hurlbert and A. G. Baillie.

CLUB BUYS LAND

At a meeting last night of the Strathcona club in the office of the secretary, Mr. H. F. Sandeman it was decided to purchase at a cost of \$1200 Lots 1 and 2 in Block 73 for a club house. This property is situated directly south of the skating rink and is one of the most central in the city. The tender for the building, which is to be procured from the Portable House Co., has been awarded to their agent, Major Irwin, and it is expected to be in position and ready for opening by the end of this year. The general meeting will be held on December 5th at which officers will be elected and other business transacted.

LOCALS

—The night express was four hours late last night, not arriving till after three o'clock.

—The ice-making had not advanced enough at the skating rink to permit of the first hockey practice last night but will be ready for rink opening Friday night.

A social in aid of the hospital was held yesterday afternoon and evening at the home of Mrs. J. J. Mackenzie, Macdonald Avenue. There was a fair attendance and a neat sum was realized in aid of the work of the hospital.

—The Grand street school athletic association has made arrangements to have the skating rink for hockey practice from seven till eight on Tuesday evenings and from half past one till half past two on Saturday afternoons.

—The report of the secretary of the school's athletic committee submitted at the meeting held this afternoon shows that for the annual school sports on October 13 last, there was collected in cash, \$35, goods to the extent of \$25, printing from the Chronicle to the extent of \$5, and a number of handsome medals. After all expenses had been paid there is a balance of \$10.85. In connection with the sports, 500 entries were handed in.

Telegraphic

INJURED BY THRESHER.

Rasther, Sask., Nov. 21.—A serious threshing accident occurred twelve miles east of Vonda recently. A. J. Roger, engineer, had occasion to examine the separator when his clothing caught in the cylinder shaft. He was pulled along the lower end and over the pulley, and thrown a distance of twelve feet. His clothing was all torn to shreds, only the boots remaining. Mr. Roger received a gash on the right side and the left side of his body was burned by the belt.

SUPPLIED LIQUOR TO INDIANS.

Kamsack, Sask., Nov. 21.—Jack Reynolds, the negro, who was arrested in Winnipeg and brought here on Sunday, was tried last night on the charge of supplying liquor to the Indians about six weeks ago. The accused was proven guilty and sentenced to four months in Regina jail, and a fine of \$50. Reynolds was engaged in the restaurant business here and when an Indian informed the authorities he skipped to Winnipeg. Another character who has been hanging about was also charged with the same offence, committed recently, and sentenced to one month and a fine of \$50.

Three Indians, intoxicated, were tried also, two of them getting one month and a \$12 fine, and the other having been an informant, was let go with a fine of \$12 and costs.

LUMSDEN FATALITY

Lumsden, Sask., Nov. 21.—Robert Smart, aged twenty employed with his uncle, Charles Sheriff, while cleaning a loaded rifle this morning accidentally discharged it, the contents entering his abdomen. He was beyond recovery when medical assistance arrived and he died at noon.

CHARGED WITH MANSLAUGHTER

Winnipeg, Nov. 21.—The trial of Powers and Savage for the killing of Humphreys in the River Exchange Hotel at Fond du Lac, Minn., was completed today. The charge is manslaughter. Addresses of counsel and summing up of the trial judge is still to come.

—NEGOTIATING FOR SITE

Bulletin Special.
Portage la Prairie, Man., Nov. 21.—The farm of Thomas Sissons, which has been occupied by the G.T.P. construction camp is being negotiated for by that company and Geo. H. Pope, the G.T.P. right-of-way agent, was in town today. It is supposed in connection with the deal. Speculation is rife as to the reason of the purchase. Some maintain the company intend to establish a permanent base of supplies here while others favor the opinion that as forecasted by right-of-way solicitor, H. J. Spry, it is the company's intention to change the location of their yards to this point.

BANKER DEAD

Aldermanic Outlook

(Continued from Page 1)

"make good," and Mr. Dubuc says that he will endeavor to the utmost of his ability to see to it that the business of the city for the next year is carried out in a business-like way, without vexatious and costly delays.

Mr. Lammie says he will announce his platform in due time, but that he is not ready yet to make any statement.

Mr. Allen has an extensive statement which he will make to the ratepayers in due course, setting out his position on public affairs.

The East-enders intend to run as a solid ticket and they intend to have one platform for all the candidates. They hold their first organization meeting tonight at which they will probably prepare a statement for publication tomorrow. Among those in touch it is apprehended that this platform will be a radical one—no less, in fact, than that they will promise to reorganize the city hall. They claim that now for the first time in the city's history they have the opportunity of getting the majority necessary by the charter to change the personnel of the commission.

No public meetings have yet been definitely arranged although there are two in sight. The labor men are commencing to take a lively interest in the municipal campaign and it is reported that a meeting under their auspices is to be held on Monday evening at which candidates will be endorsed or turned down.

Another meeting is spoken of by the East-enders, for Wednesday evening next, the 26th, when the candidates for mayor will be invited to come forward and say their little say. The arrangements for this meeting are likely to be completed this evening.

WANTED—TO BUY FOR CASH A "clean stock" of groceries without lease of building. Apply 35, Bulletin.

Strathcona Office Whyte Ave. Just across the river from Edmonton.

SPORT

WINNIPEG BONSPIEL.

The eighteenth annual bonspiel of the Manitoba branch of the Royal Caledonian curling club will be held in Winnipeg commencing on Wednesday, February 5. The semi-annual meeting of the branch will be held on the Tuesday evening previous.

The annual meeting of the branch was held last Friday in Winnipeg, when the following officers were elected for the ensuing year:

Patron—A. P. D. MacGachen.
President—W. A. Carson.
First vice president—William Robertson, Kenora.
Second vice president—John Angus, Emerson.

Secretary—Reuben J. P. Robertson.
Chaplain—Rev. Dr. Wilson.
Executive committee—W. L. Parriah, W. T. Payne, E. J. Rochon, F. O. Fowler, J. P. Palmer, R. J. Smith, J. Philblado, C. W. Huffman, R. A. C. Manning.
Committee on appeals—C. C. Stewart, Selkirk; W. Ferguson, Hamilton; D. Morrison, Granites; Dr. Jamieson, Thistles.

Committee on appeal—J. P. Robertson, T. J. Lowe, H. C. Thompson.
Auditors—M. Chisholm, D. W. Murray.

Umpire—Referred to council.
Bard—Thomas Todd, Russell.

A letter was read from M. H. Jones, Dawson City, intimating that a rink will come down from the Klondike for the next bonspiel.

RENEWAL OF PRIZES
The secretary reported that he had received renewal of prizes from the following:

St. Daniel McMillan, a cup and four silver watches for the consolation event.
D. R. Dingwall, four individual prizes valued at \$100, to accompany his trophy.

The Telley Tea Company, through the Hudson's Bay Company, four individual prizes to accompany the trophy, valued at \$100.

William Whyte, another cup for the Veterans' committee.

G. P. Tuckett & Co., through Tees & Perse, eight prizes to accompany the Tuckett trophy.

G. F. & J. Galt, four gold watches to the Blue Ribbon competition.

C. C. Chipman, four prizes valued at \$50 to go to the second rink in the Royal Caledonian competition.

The bonspiel of 1936 was one of the most successful in the history of the branch. There was an entry of 158 rinks for the open event, being the largest except at the time of the visit of the Scottish curlers. It was, however, notable from the fact that there was a larger representation of good curlers from outside than in any previous year. Seven rinks came from Ontario, and among them were such crack skippers as Flavell of Lindsay, and Renie of Toronto. The redoubtable Myron had a quartette from Duluth. The feature of the bonspiel was the presence of a rink from Dawson, ably handled by Skip Strickland. The weather was propitious, the ice in good condition and, as a result, some fine curling.

Royal Grain Commission

(Continued from Page One)

fit of this also. He admitted that at times the price wired out might have been more than one cent less than the market price, but such a thing was improbable and he could not remember of any time that it happened. He generally consulted some other members of the association before wiring the prices, as he did not like to take the responsibility all on his own shoulders, but there had been times when he had wired without such consultation. He sent the telegrams immediately upon the close of the market at 1:30 p.m., or at least a few minutes afterwards. These prices then ruled till 9:30 o'clock the next morning.

Local News

—East Clover Bar, Alberta Farmers' association are making arrangements to ship 75,000 bushels of grain east.

—Jack Mills of the Bulletin staff was married last night to Miss Woodward of Edmonton. Rev. H. A. Gray of All Saints' church performed the ceremony.

—The Troy steam laundry resumed work this morning. Repairs have been rapidly made and Mr. Thomas expects to have the entire staff employed by tomorrow.

—The Empire Realty Company are moving from their present office on First street to the office behind the Crystal Palace, lately occupied by the Edmonton Pantheon.

—M. F. Webb & Co. are erecting a shop on Queen avenue beside the Imperial Hotel where they will open up next week. They will conduct a wholesale dressed meats business, including all kinds of poultry.

—The cricket dance in the Thistle rink on Friday evening promises to be a large affair and its success is already assured. The committee in charge have completed arrangements for the entertainment of those who wish to attend but who do not wish to dance.

—The students of Alberta College literary society will give a concert in McDougall church on Friday evening. Principal Riddell will give an address on the "Greek myths." A splendid array of local talent will assist.

—There will be a meeting of the executive of the Young Men's Liberal Club in the committee rooms this evening at 8 o'clock. Business of importance will come up which requires a full meeting.

—The funeral of the late John Brown will take place this afternoon at 2 p.m. from Moffat & McCospen's. The pallbearers will be E. Looby, John Looby, W. R. West, W. McKay, Geo. Sanderson and Fred Satche.

—The Zinn Travesty Co. played to a crowded house last night at the Edmonton Opera House. The special features were the excellent singing and dancing. The troupe will present a laughable comedy entitled "Two Married Men", this evening.

—A number of Fort Saskatchewan farmers are shipping grain on their own account. Mr. S. de Ford shipped a carload of oats yesterday to Port Arthur. Ed. Walker, of Agricola, and John Symington are loading a car of oats and two cars of wheat for Port Arthur.

—Messrs. John Sommerville & Sons are fitting up the store on First street adjoining the site of their new store now in course of construction, as temporary premises until their new block is completed. They expect to move from Jasper avenue about the end of January.

—The city hockey league meets tonight in the Alberta hotel at 8 p.m. A representative from each club is asked to be present. The constitution will be drafted. The entry fee of \$5 per club is payable this evening and must be paid to the treasurer of the league before the representatives may vote.

—John Norcott is preparing for an open air rink on Third street between the Hudson's Bay stores and Rennie's Dancing academy. He hopes to have it ready in a week. The rink is 55 x 150 feet and will be lighted by electricity. The rink will be open afternoons and evenings from 2 to 5 and 7 to 10 respectively.

McDOUGALL MISSION BAND.

The Mission Band of McDougall Methodist church held a very interesting and profitable meeting last evening in the church. Added interest was given to the proceedings from the fact that the band has been successful in winning the banner in competition with the mission bands of Manitoba, Saskatchewan and Alberta, for the largest increase in members and the largest collection for missions during the past year. The formal presentation of the banner was made last night by Principal Riddell. The banner was made by one little child in the Harper Bellamy orphanage in Japan.

The following program was rendered by the little people:
 Chorus, by Mission Band; mouth organ solo, Leslie McAllister; recitation, Little Ruth McLean; chorus, by five little girls; physical drill, Boys' Brigade No. 5; solo, Jean Sargeon; piano solo, "Cathedral Echoes," George Hanna; solo, Master Stutchbury; broom drill, six little girls; solo and chorus, "O How We Pity Them," address, Dr. Riddell; solo, Lela Walter; recitation, Lillian Taylor; duet, Ralph Huestis and York Blayney; solo, Master Stutchbury; rifle drill, Boys' Brigade, No. 3; instrumental solo, Miss Huestis; recitation, York Blayney; Greek drill, eight girls.

SHOT MOOSE NEAR CITY.

W. H. Jaeger and the two Groat boys got the heaviest bag of big game within the past many years in this vicinity, when they shot three moose within six miles of the city limits. The moose must have travelled many miles to get into this district as they are hundreds of miles from the closest range.

The moose crossed the river on the ice from the Edmonton side yesterday morning and the Groat boys and Mr. Jaeger hearing about it set out in chase. They overhauled them in the woods not far from where they crossed the river and each of the hunters got one. The carcasses are out at Groat's place today and will be brought into town this evening.

J. D. HYNDMAN WILL RUN.

J. D. Hyndman of Dawson & Hyndman, announced at noon today that he would be a candidate for alderman at the forthcoming municipal election. Mr. Hyndman will publish an election address before the end of the week.

TALKING MACHINES.

The latest and set invention Disc Machines. No needle to change. Come and hear them. Unbreakable records 10 inch for 25c. and 12 inch for 40c. Astley-Jones Piano and Organ Company, 128 Jasper avenue west, Edmonton.

WORLD'S MARKETS

(Reported by Canadian Stock and Grain Co., Gariepy Block, Edmonton)

Winnipeg—Wheat—Wheat had a sharp rise around the opening today on light North West receipts. Minneapolis and Duluth received only 510 cars against 984 a year ago. Winnipeg receipts only 35 cars against 418 on this date a year ago. The shortage at these points alone amounted to 807 cars. Short covering and commission buying was the strengthening feature of early trading but after the first hour profit taking caused an easier feeling to prevail. After the noon hour the market became quiet and trading was mostly of a professional character. The close was easy and showed a net loss of 1-4 cents for the day and was 3-4 off from the day's highest level. Liverpool closing came 1-4 to 1-4 D. lower. Paris wheat quiet 1-4 lower. Continental markets were irregular to shade easier. Minneapolis stock of wheat lost 40,000 bushels over night and are now 50,000 smaller than on last Friday. Flour shipments showed well at 64,331 barrels for the day. Clearances today, wheat 137,000 bush. Corn 139,000. Oats 27,000. Wheat and flour equals 313,000 bushels. Primary receipts wheat today 362,000 against 1,017,000 last week and 1,499,000 last year. Corn 556,000—539,000—500,000. Oats 713,000. Shipments wheat today 501,000 against 357,000 last week and 582,000 last year. Corn 324,000 today against 554,000 last week and 383,000 last year. Oats 624,000. The easier feeling may carry the market a shade lower and we believe that on all dips wheat is a purchase for a fair profit.

GOSSIP TODAY.

Hogs—Receipts today: 16,000 left over, 4,542; prices, 5c higher. Light, \$6.10; mixed, \$6.05 to \$6.40; rough, \$6.57; cull, 6.00; market steady; sheep, 15.00.

Minneapolis, Nov. 22—Wheat opened shade lower on better receipts and failure of Liverpool to show any strength. Believe the soft spots are good places to buy.

Chicago, Nov. 22—Brokers supposed to be working for the Swift Co. are heavy sellers of pork. Buying of lard and ribs is good; from commission houses mostly. Market acts topky.

Minneapolis, Nov. 22—177 cars of Durum wheat in receipts this morning here.

Duluth, Nov. 22—Cars, 22 to 345; flax, 130 to 100.

Paris cable: Wheat opened unchanged; flour, 5 to 10c higher.

London cables: Wheat and corn off coast unchanged. On passage unchanged; steady and quiet.

Minneapolis, Nov. 22—We understand that shorts in December wheat were about all liquidated in yesterday's market and we now look for some reaction.

Liverpool opening cable: Wheat 3-8 lower; corn, unchanged.

Chicago, Nov. 22—Weakness in wheat market yesterday was the signal for heavier buying by large local operators as well as commission houses, and this buying was sufficiently heavy to take care of it. The bad weather all over the spring wheat belt, it is expected, will further curtail shipments to the terminals. Argentine advices are not as good as those of previous, and tell of cold weather and insect plague.

Liverpool, 1.30 p.m.—Wheat 1-8 lower; corn unchanged.

Chicago, Nov. 22—Corn—The way the bulls took hold of corn enthused a little life into the trade, but it did not last long and after a few minutes of active trading the market quieted down. The wet weather throughout the corn belt will further retard movements and delay husking operations where it is not yet finished. The light receipts are expected to continue for a little while yet and as the cash demand is excellent and export business is increasing, a lively upward movement is very likely today or soon at any rate. Corn is exceedingly low at present prices and we do not believe there will be an opportunity to buy it cheaper.

FARMERS' MARKETS.

Hudson's Bay quote eggs 30 and 35c; butter prints, 25 and 27c; tubs 24c and 26c.

Whitellaw and Co., quote eggs 30c; butter printam 25c and 30c; tubs, 15c and 25c; fresh dairy, 20c and 30c. McDougall and Secord quote eggs 30c; butter prints, 25c and 27c; and for choice dairy, tubs 25c and 24c.

Revelion Bros. quote eggs at 35c for strictly fresh, butter is scarce at 25c and 27c; tub 25c and 23c.

Gariepy & Lessard quote eggs 25c, to 30c; butter prints, 25c to 30c; tubs, 25c to 30c.

The Edmonton Produce Co. quote 30c a dozen for strictly new laid eggs and 30c for first creamery butter. For dry butter they quote 25c and for the lower grades 15c to 20c.

LIVE STOCK.

Hogs, 5-1/2c to 6c live weight; beef steers, 5-1/2c to 6c; beef cows, 21-1/2c to 22-1/2c; veal 8c; dressed, 10c. Poultry—Fowl, 10c; chickens, 10c; geese and ducks 10c; turkeys, 15c. These prices are quoted for live weight. Farmers are reminded that dry pickled poultry is more in demand and brings better prices than scaled birds. They keep better and please the customer more.

MERCHANTS BANK OF CANADA.

THURSDAY, NOVEMBER 22, 1906.

A LEGISLATIVE COUNCIL

If the council of 1907 is to deal efficiently with the enormous business of the year it will be necessary to separate as far as at all possible the executive from the legislative branches of the city government, to throw upon the commissioners the entire responsibility of discharging routine business and thus keep the council free to devote time and attention to the public works program, to current matters of unusual importance and to future problems forecasted by the city's development.

The procedure contemplated by the city charter is that the aldermen in their capacity of city directors should decide what shall be done and the general plan which should be followed in doing it. The duty of doing the work in accord with this plan is the business of the commissioners.

Hitherto, while the volume of civic business has been great and steadily increasing it has been possible for the council to take a more than general interest even in ordinary affairs and to consider details which might have been discharged by the commissioners and which the charter intended should be discharged by them. This detailed attention the council of 1907 will not be able to give to the ordinary routine business, except at the expense of the larger matters which it is their primary business to deal with. The coming year therefore promises to become the turning point in the method of city government when the council must be content with saying what shall be done and how it shall be done, and must relegate to its executive the duty of working out the detailed plan and of supervising the work while in process of accomplishment.

This involves, of course, placing a large measure of power in the hands of a small executive and an executive not directly responsible to the ratepayers. This, however, is by no means an unusual condition of affairs. The managers of an industrial or commercial corporation are of necessity vested with large powers, yet they are responsible to the shareholders only through the responsibility of the directorate. The deputy ministers in a government are in all but absolute control of the details of the government's policy, yet they can be reached by the people only through parliament. There should be no misgivings in following these precedents, especially when none equally good is offered; for to decline to adopt this plan provided by the charter, would mean that the time and attention of the council must in a large measure at least be diverted from the formidable list of problems—some of enormous consequence—with which they will be confronted and the exhaustion of that time and attention on work which the commissioners are paid to perform.

As a check upon the exercise of this power the council sits always as a court of appeal. If the work of the commissioners is satisfactorily done there is absolutely no need for its detailed discussion by the council. If it is not satisfactorily done the aggrieved party is always in order in appearing before the council to present his case.

An additional safeguard should be placed on the conduct of civic affairs by requiring the commissioners to hold all meetings for the transaction of the city's business in public. This provision should also be made to apply to meetings of committees of the council—if the committee system is to be continued. Ordinarily there is no good reason why either a committee of the council or a board of commissioners should be permitted to discharge public business behind closed doors. While as in the past all such work has been subject to review, more or less, in open council, the grievance was minimized but it was still a grievance. With the council

no longer able to scrutinize the secret doings of commissioners and committees this practice of conducting business should be promptly and effectively stopped.

In this connection a paragraph is in place, published in the Toronto News as part of an interview with a candidate for the board of control, the body corresponding most nearly to our board of commissioners: "But I want to express my unalterable opposition to the practice of the present year of holding secret conferences with the heads of corporations having franchises from the city of Toronto. I recognize the fact, and cheerfully admit it, that there are occasions when the city's interest demands conferences where all parties can speak freely upon tentative propositions. But my recollection goes back to the time when the civic committees were held in secret. It was only after a prolonged fight by the Telegram in the early eighties. I think it was, that the business of the civic committees was done publicly. There is a danger under our present system of a small executive of a return to that condition, which was productive of all kinds of petty jobbery because the city was small, and which in the future might lead to more important abuses. I take the ground that the business of the city should be done in public except in very grave and extraordinary cases, and if I were a member of the board of control, I would absolutely refuse to deal secretly with the head of any corporation. I have known secret meetings to be held in past years, but I have never known a good thing for the citizens to come out of such conferences. I make a sharp distinction between private business and public business, and believe that the citizens of Toronto owe the excellent government which they have received in the main to the fact that the utmost publicity has been given to the proceedings of the council, the board of control and the civic committees."

Edmonton is not a Toronto, but it is tending toward that ideal and the council should insist on the light of publicity falling freely on the doings of the city executive. With this safeguard and with it clearly understood that the council is always open to the ratepayer with a just complaint the executive business of the city may be safely turned over to the executive branch and the council left free to shape a municipal policy suited to the time.

MR. HILL TALKS

Minneapolis, Nov. 21.—James J. Hill cleared himself before the Inter State Commerce Commission at the Federal Buildings of Minneapolis, of owning any stock in any elevator. Thus free he declared that the grain trade would not be free of "conditions which may be used adversely" against the farmer until a federal inspector of grain was provided for by the United States. What would you do if an elevator on another road near yours was offering more money for wheat than yours and the other road was getting most of the business? asked Attorney M. B. Koon. "I'd put sandpaper to the elevator men on our road, said Mr. Hill. (Laughter.)

SMELTER IDLE

Greenwood, B. C., Nov. 21.—One hundred men went out on strike at the British Columbia Copper company's smelter at noon today. A demand for increased wages in fifteen classes of labor had been made and refused by the officials of the Copper Co. The head office in New York were informed of the situation and wired that they were considering the matter. The local officials of the company will not submit to the demands unless instructed from New York. The large new smelter with three immense furnaces is at a standstill. Development work will be continued at the company's five copper mines but no ore will be shipped, no attempt being made to work non-union and perfect order reigns.

MAY SELL THEM LAND

Bulletin Special.
Victoria, B.C., Nov. 21.—Negotiations are progressing between the federal and provincial governments looking to the sale of lands by the latter for occupancy by the Babine Indians. In return for this grant the Indians agree that the harvesting of the rivers will be permanently prohibited. The Dominion government also undertakes to furnish nets to the Indians for salmon fishing.

VANCOUVER BUILDING

Vancouver, Nov. 21.—The building permits issued for the first seventeen days of November number 66, and the value of the buildings covered reaches the handsome total of \$808,960. This is the highest record ever made that number of days in any month. It is interesting to note that that is more than a fourth of the whole of the total for the whole of last year, and about half of the total for 1904.

FROM DAY TO DAY.

THE SLEEPING SONG.

As soon as the fire burns red and low,
And the house upstairs is still,
She sings me a queer little sleepy song
Of sheep that go over the hill.

The good little sheep run quick and soft,
Their colors are grey and white,
They follow their leader nose to tail,
For they must be home by night.

And one slips over, and one comes next,
And one runs after behind;
They follow their leaders nose to tail,
The top of the hill they find.

And when they get to the top of the hill
They quietly slip away,
But one runs over and one comes next—
Their colors are white and grey.

And over they go and over they go,
And over the top of the hill
The good little sheep run quick and soft,
And the house upstairs is still.

And one slips over and one comes next,
The good little, grey little sheep;
I watch how the fire burns red and low,
And she says that I fall asleep.

Josephine DASHAM.

A DAILY THOUGHT.

How the sting of poverty, or small means, is gone when one keeps house for one's own comfort, and not for the comfort of one's neighbors.—
Dinah Maria MULOCK.

NEW LADY SUPERINTENDENT.

The lady superintendent of the City hospital for the next year will be Miss Mary McIsaac, of Charlotte town, a graduate of Toronto General hospital, who has been highly successful in her profession, and comes to Edmonton with recommendation. Miss McIsaac replaces Miss J. B. Bingham, who has for more than a year successfully conducted the work at the hospital, and who resigned recently. Miss Bingham will leave for her home in Berlin, Ont., about the middle of next month, when her successor will take over the work.

KAISER AND DANCING.

The German emperor insists upon good dancing at court, and the arranging of an evening party is one of his favorite pastimes. He is most anxious that the court balls should be distinguished for their elegance, and exacts that the smallest details shall be carefully planned beforehand. Each year, therefore, he chooses, either from his body guard or

from the 1st Regiment of Cavalry of the Guard, two brilliant cavaliers, who are excused from all military duties. These officers must dance to perfection, wear their uniforms with distinction, and lead a cotillion with method and dash. They open the ball with a princess of the blood royal, and they and their partners bring the function to a close with a deep obeisance before their majesties.

AT THE CITY COUNCIL.

What interest do the women of Edmonton take in civic politics? The query was suggested by a glimpse of the City Fathers in Council, and some realization of the importance of their weekly assemblies. The council meeting Tuesday night, an amiable, businesslike, keen conference, was said to be a representative one of the many that have been held this year. There was no faintest suggestion of the "beard" element with which councils in large eastern cities have been frequently marked in stormy meetings. The whole assembly was characterized by an atmosphere of restraint and precision and urbanity as marked in the several aldermen as in the mayor.

The despatch of the work was notable—typical western. There was one stage in the revision-work, at which this quality was laudably triumphant over existing complications. Council and attending ratepayers laughed, and a few cigars were lit in the expansion of mood that follows an average worry. If some details of work were slighted—well it was masterly despatched anyway. And one could best infer from it that a strong element of natural force and common sense exists between Edmonton's citizens and council.

At one end of the up-to-date council chamber the mayor in his elevated mayoral seat presided with parliamentary decorum and close, unobtrusive attention to all that passed. In front of the mayoral platform were the civic officials between two rows of aldermen headed at either side by the majority candidates for next year, Alderman Bellamy and Alderman Griebach. The walls were lined with interested citizens of Edmonton who looked on while the council gave its permission on conditions for a brewery and a packing company to establish manufacturing here. Jealous of its reputation for fairness, the council decided in an offhand way to settle an outstanding score about which there had been a misunderstanding.

Then they got down to work upon the voters' lists—a court of revision it was, which sounds very impressive with a mayor, a stalwart council of eight, to sit judiciously upon matters as presented by a solicitor, commissioner and assessors. Fortunately for western humanity's aim to reach the spirit of laws as well as their letter, the impressive court had that saving sense of humor which unravels tangles.

It was then the cigars came out, and any mortal with a fibre of human sympathy would have been glad with bearing City Fathers. They did look complacent.

This list of voters included two or perhaps three, names of women. Will these vote at the coming elections? Back in the east they do so more and more generally every year. For women are beginning to realize that the opportunity to vote in civic elections gives them more weight; in the claims

for beautifying streets and parks, in the various modern demands concerning schools and special courts of trial for children arrested with separate rooms of detention for female prisoners awaiting trial.

These last seem quite superfluous considerations in law abiding Edmonton, but they are always subjects of importance, subsequently to decided growth in cities. And Edmonton is bound to grow, as was said by the alderman who urged the laying of water-pipes to a manufactory over a mile from the city limits.

The streets leading out there are bound to be built up in a very few years," he said optimistically conviction and the utterance was significant of the faith in Edmonton that animated the whole council.

A woman may object to agitation for women's franchise in politics generally. She may hold that those screaming suffragettes carried by policemen from the House of Commons lobby in the Motherland deserved the imprisonment meted out to them. For they lacked womanly dignity entirely. But the same woman may feel that municipal politics are matters of close, every day interest, and if she is a tax-payer look on her right of voting as a responsibility to be taken conscientiously.

Even the woman who is not a tax-payer and has no right to vote, must realize that an intelligent understanding of local issues and worth of candidates is highly desirable. For apart from the weight her opinions might carry in her own circle, it offers a pleasant mental recreation.

SOCIAL.

Mrs. Cantley has issued cards of invitation to a tea on Saturday afternoon.

Mrs. McClay, Seventh street, will receive on Friday afternoon and subsequently on each fourth Friday.

Mrs. W. B. Poucher will receive tomorrow, Friday, the 23rd, for the first time in her new home, "Pickering Cottage," 635 5th street.

The marriage of Miss Gabrielle Lavergne to Mr. Noelle, of Edmonton, will take place on Nov. 20th in the Sacred Heart Chapel, Montreal.

The season for sleighing parties was happily inaugurated last evening by a merry party of sixteen young people who enjoyed a long drive then returned to the home of a friend, where a light supper was served.

Society, it would seem from many expressed intentions, will patronize fully the "cricket club" dance in the Thistle rink on Friday, the 23rd. This will be the last dance this season in the rink.

A merry party of twenty young girls enjoyed Miss Emily Brown's birthday tea yesterday afternoon. It was preceded by a very jolly hour of tobogganing on the Fifth street hill, and on the return to the house tea was served. The decorations were in white and pale green, with mauve chrysanthemums. After tea there was a succession of merry games to close a thoroughly enjoyable afternoon.

Mrs. Norquay was the hostess at an enjoyable progressive euchre party yesterday afternoon. The drawing room was prettily decorated with chrysanthemums. The hostess wore a handsome gown of cream lace over a light colored silk. About ten tables of players entered the contest. Mrs. Jackson was the fortunate winner of an attractive prize, while the consolation award went to Mrs. Brown.

Mrs. John McDougall was again the hostess at a most enjoyable luncheon given in honor of her daughter-in-law, Mrs. John McDougall, jr. The hostess wore a gown of black net with cream lace, while the guest of honor was attired in a lovely pink crepe de chine with white Val trimmings. The table was effectively decorated with crimson roses and ferns. Covers were laid for ten, the guests on this occasion being selected from the "old timers" of Edmonton's social life. The list included: Mrs. Hardisty, Mrs. John McDougall, jr., Mrs. Harrison Young, Mrs. Braithwaite, Mrs. Hiehop, Mrs. Norquay, Mrs. Campbell and Mrs. D. B. Fraser.

THE ATHABASCA NORTHERN Railway will apply to the Parliament of Canada at its next session, for an Act extending the time for the commencement and completion of the line of Railway authorized by the Act 4-5 Edward VII, Cap. 37.

THE GLEICHEN CAMPAIGN

Minister Of Public Works Suggests
Provincial Ownership Of Railways

The Gleichen campaign began Monday evening with a large meeting in St. Mary's hall, Rouleauville. The speakers were Hon. W. H. Cushing, Mr. E. H. Riley, Liberal candidate, and Mr. Duncan Marshall, the Calgary "Albertan" says Mr. Riley "made an excellent impression as a speaker. He does not pretend to eloquence or oratory, but gives the impression of strong sense, self-reliance, energy and pertinacity."

Mr. Cushing said, in part, "We have one of the best, if not the very best province in Canada. It is no easy task to lay the foundations of government, indeed, I have never undertaken anything quite so difficult in my life. It is very gratifying to be in the position after a year's work to say that no newspaper in the province has adversely criticized any act of the government. I am not so egotistical as to say we are above criticism, but we have done the best we could with the means at our disposal. All human institutions make mistakes, but we have commenced honestly and have acted honestly and earnestly in the best interests of the province."

Mr. Cushing referred in a complimentary manner to the services of the retiring member, Mr. Stewart and how he would be missed in Edmonton. He thought, however, that the energetic Mr. Riley would make a worthy successor. He then gave some facts as to what the public works department had done for Gleichen. Thirteen hundred dollars had been spent this summer on roads and bridges, in addition to the Bow Marsh bridge. This was only a beginning, Mr. Cushing said, it took a long time to organize the work from Peace River Crossing to the United States boundary, but now they were organized work would be carried on during the winter, and much more work would be done next summer. Besides the half million for roads and bridges, the public works department had another half million to spend on the necessary provincial buildings.

The issue of this campaign is the record and policy of the Conservative Government. At the last election, Dominion issues were dragged in. In this campaign Mr. Riley is the government candidate, Mr. Walsh stands for the opposition.

Mr. Cushing then referred briefly to the work of the educational department, which has opened over 100 schools and is making good Canadian citizens of the Galicians who have hitherto been without schools. He took up the public ownership plank in the Liberal platform, and showed that the government were on the way. "In all things this government will see that the men who produce wealth in this province shall get full value for their product."

Mr. Cushing said he had given much thought to railways and had come to the conclusion that the province should own the roads within its boundary. One road had asked the government to guarantee its bonds and he didn't see why they shouldn't issue their own bonds just as well, and build the road themselves (Applause). Here was a province filled with coal and yet the people were suffering from a coal famine on account of the insufficient railway facilities. He would like to see the government own coal fields and build railways to them. He could say that the government was considering these large questions.

"If you are satisfied, return Mr. Riley. If you are not satisfied that's your business; you have a perfect right under your franchise to vote as you please. We shall, however, be very pleased and glad if you show your appreciation for Mr. Riley."

LABOR CONVENTION

Minneapolis, Minn., Nov. 20—With John Mitchell in the chair for the first time since the American Federation of Labor convention in this city, ten days ago, today's sessions were characterized by declarations of the men high in the council of the workmen, including President Samuel Gompers, who occupied a seat on the floor, that internal strife and dissension of the organized bodies of unionism were the greatest menace and in these alone lies the rock upon which the national body itself may be wrecked. Second in importance was the action of the assembly, after several caustic attacks had been made on the Brotherhood of Railway Trainmen as a strike breaking organization to extend every possible aid to the Switchmen's Union of North America and recognize its sovereignty over the switchmen. It was a resolution, introduced by Victor L. Berger, socialist delegate from Milwaukee, which had been radically amended by the committee on organization which caused a war of words regarding the inner quarrel and quibbles of the international organizations which the delegates declared were the greatest stumbling block to unionism. The convention voted to work for the exclusion of Chinese, Japanese, Hindus and Koreans from this country.

GROWING.
Ottawa, Nov. 20—The census of field crops of all kinds shows that Manitoba in 1900 comprised 2,755,814 acres; for 1905, 3,598,575 acres, and for 1906, 4,175,246 acres.

ALBERTA FARMERS ASSOCIATION

The Alberta Farmers' association aims to aid the farmers of Alberta in every way in which co-operation and united effort can assist them. It is now almost one year old and the time is opportune to look back and review what has been accomplished through its influence.

It was formed by the union of the Strathcona branch of the Grain Growers' association and the Clover Bar branch of the Society of Equity. On the day it was organized its members besides having to adopt a constitution and elect a corps of officers were called upon to prepare a memorial to present to the tariff commission which sat in Edmonton in December last, protesting against any further increase in customs duties.

In the interests of improved agriculture, it undertook the management of the Edmonton seed fair and succeeded in holding one of the best seed fairs in the province, and through the instrumentality of its acting secretary, Mr. Rice Sheppard, it was able to bring together many buyers and producers of pure seed grain and cause the distribution of thousands of bushels of seed among the settlers at a moderate cost.

When parliament announced its intention to amend the Manitoba Grain Act, it sent a representative to Ottawa to present the views of the farmers of Alberta on what subject and it aided materially in securing a special classification of Alberta wheat in the interests of the swine breeders from its members as to the advisability of the provincial government's building and operating a pork packing and beef canning plant—government for consideration.

Resolutions have been received from nearly all the locals and are now ready to be submitted to the special classification of Alberta winter wheat.

GOVERNMENT FOR CONSIDERATION

Through the secretary it has been able to give information and advice which has led to the establishment of three government creameries in the province; and by the same means it aided many of its members in districts where the winter wheat is winter killed, to secure a supply of seed at a reasonable price and without the intervention of middlemen.

As the season advanced and a bountiful harvest became practically assured, the press of the province was filled with reports of a "bumper" crop and one far exceeding anything that had been known before, while the grain dealers by way of variety entertained the farmers with predictions of 15 cent and 18 cent oats for the coming season. The managers of the association realized that this augured ill for the farmers of the province, and in order to check the downward tendency in the price of Alberta's staple crop, they requested the provincial government to appoint an agent to seek a market for Alberta farm products, especially wheat and oats. The government complied with this request and appointed Mr. D. W. Warner to perform this duty. Mr. Warner did his work thoroughly and well and instead of 15 cent and 18 cent oats, the ruling price is now 23 cents.

Besides the work of Mr. Warner toward the improvement in the price of farm products, another agency contributed greatly to the same end. This is the work done by Mr. Rice Sheppard, vice-president of the Central Association, and secretary of the Strathcona local, in securing a loading track on the E. Y. and P. branch of the C. N. R. south of Strathcona. This is a great convenience to the farmers in the settlements between the 14th base line and the Calgary trail. It is being taken advantage of by many farmers who wish to ship their own grain and they are realizing from 24 cents to 25 cents per bushel for good feed and milling oats.

One remark of Mr. Warner's in his report on his trip to the coast is worthy of special mention. It is that the price per bushel which a farmer receives for his grain has about as much to do with the general prosperity of the country and the promotion of immigration as the number of bushels he can raise per acre. This is a tenet of practically every member of the association, and we have no doubt will be adopted as one of its mottoes. To aid the farmers to raise the greatest possible amount of the very best grain from a given area and to assist them to obtain the highest possible price for it is the constant endeavor of the managers of the Alberta Farmers Association.

W. F. STEVENS,
Secretary, A. F. A.

ELECTION ADDRESS

To the electors of the City of Edmonton.

In asking for your support in the coming election for mayor I maintain as old time residents will admit that the city's interests have always received my best consideration. But there are a large number of electors who have come to our city within recent years with whom I have no acquaintance whose influence and vote I also solicit.

I have served the city two years as Alderman at a considerable sacrifice of time from my business, and though I cannot flatter myself that I have pleased "all the people all the time," during my term, still I hope that on the whole my actions have in general met with your approval.

I cannot conscientiously say that I have in every case done what in my judgment was considered to be for the best interest of the city at large; and have known no such thing as discrimination in favor of one part of the city against the other.

In view of the great undertakings before the city for the coming year, your mayor will of necessity have to spend the greater portion of his time in attending to the city's business. This if elected, I am prepared to do. I am of the opinion that the time has now arrived to build the street railway, and think that construction should proceed at the same time as the street paving, and am pleased to state that this railway will belong to the municipality.

Re parks, though realizing that the large parks on the outskirts of the city are a necessity for the future and will be more appreciated in years to come, still it is my opinion that the parks that are of the most vital interest to the majority of our citizens are small plots conveniently situated in different parts of the city, and that are easily accessible to the residents. In that immediate vicinity; and think that such plots should be bought and beautified at the expense of the city at large.

Re city government, I must admit that the two years experience of our present commissioner system has impressed me much more in its favor than I was at its inception, and am favorable to its continuance; of course with the understanding that improvements may be made when it is demonstrated that such improvements are necessary to the best welfare of the city. Further to define our present city government, my opinion is this. The electors are the shareholders, the council the directors, the commissioners the business management, and in order that we may have the best results, I think the citizens and the aldermen should consult with the commissioners as a business way offering any suggestions they may have for the benefit of the city and in this way I think much better results will be obtained than by finding fault with the business management.

Respectfully
THOS. BELLAMY.

DICKSON & CO

This list changed every three days. Three of our last West End Proposals were sold, viz. the 7th street lot for \$1,000, the 8th street lot for \$1,000 and the double corner McKay and 9th street for \$5,000. That shows they were snags. Read over these carefully, for Nov. 19th and act at once. \$15,000—Corner of 9th street and Jasper avenue. A very valuable corner for obvious reasons. \$12,000 each. Two lots on 8th street, between Victoria and McKay avenues. A bargain. \$15,000—Lot and house on Jasper avenue between 6th and 7th streets, block 6. \$15,000—Trebble corner and nice house on 4th street south of Victoria avenue. \$11,500 each—Two of the finest view lots on 11th street south of Hardisty. \$1,500—Lot on 11th street close to Jasper avenue. The best thing on our books. \$15,000—Lot and warehouse on 3rd street near Jasper avenue. \$500 per foot—Lot on Jasper avenue near Hudson's Bay Co.'s store. Will be worth \$30,000 a year from now. \$2,000—Corner of Victoria avenue and 8th street (50x110 feet). A remarkable cheap price. 520 West End Properties for sale. See our ticketed map.

Wages for City Employees

Alderman Manson gave notice on Tuesday evening of the following motion to come up at next meeting:

No workmen employed by the City of Edmonton shall at any time be paid less than the minimum rate of wages set forth in the Fair Wages Schedule following:

FAIR WAGES SCHEDULE

Stonecutters, 65c. per hour, 8 hours per day.
 Stonemasons, 65c. per hour, 8 hours per day.
 Bricklayers, 65c. per hour, 8 hours per day.
 Builders laborers (hod carriers) 27 1/2 cents per hour, 8 hours per day.
 Plasterers, 65c. per hour, 8 hours per day.
 Plasterers' laborers, 27 1/2c. per hour, 8 hours per day.
 Lathers, 45c. per day.
 Painters and glaziers, 37 1/2c. per hour, 8 hours per day.
 Plumbers, 55c. per hour, 8 hours per day.
 Steamfitters, 55c. per hour, 8 hours per day.
 Electrical wires, 55c. per hour, 8 hours per day.
 Stair Builders, 45c. per hour, 8 hours per day.
 Joiners, 45c. per hour, 8 hours per day.
 Carpenters, 37 1/2c. per hour, 8 hours per day.
 Blacksmiths 50c. per hour, 10 hours per day.
 Blacksmiths' helpers 22 1/2c. per hour, 10 hours per day.
 Sheet metal workers (tinmiths) 37 1/2c. per hour, 8 hours per day.
 Ordinary laborers, 25c. per hour, 9 hours per day.
 Driver, 1 horse and cart, 37 1/2c. per hour, 9 hours per day.
 Driver, 2 horses and wagon, 45c. per hour, 9 hours per day.

The foregoing schedule is intended to include all the classes of labor required for the performance of city work; but if any labor is required which is not provided for by any of the items in the above schedule, the Commissioners, or other officers authorized by the council, whenever and as often as the occasion shall arise, shall have the power to fix the minimum rate of wages payable in respect of any such labor, which minimum rate shall not be less than the rate of wages generally accepted as current in that trade or class of labor for competent workmen in the city, where the work is being carried out.

DISCUSSED SITUATION.

A meeting of west end residents, called for the purpose of discussing the agreement between the city and the C. P. R., regarding the entrance of the latter to the city, was held in the Cecil hotel Tuesday night.

Moved by Mr. McDougall, seconded by Mr. Picard, that Mr. Mowat be chairman.

Moved and seconded that Mr. A. C. Fraser be secretary of the meeting. The following gentlemen were present: John A. McDougall, J. H. Gariepy, J. H. Picard, H. W. B. Douglas, H. J. Martin, Col. Edwards, H. J. Dawson, Wilfrid Gariepy, F. M. Landon, C. H. Belanger, Arthur Mowat, O. Bishopric, Jno. I. Mills and A. C. Fraser.

The following gentlemen expressed their views on the subject: J. K. Powell, J. A. McDougall, J. H. Picard, H. J. Dawson, J. H. Gariepy, Col. Edwards, Jno. I. Mills, W. Gariepy, D. W. Macdonald.

The meeting was unanimous in the opinion that the agreement should allow of wider bridges and subways than suggested in the preliminary agreement on Jasper avenue and the avenues south of Jasper, and that if possible, both Peace and Athabasca avenues be kept open; some went so far as to suggest that the entrance of the C. P. R. as at present planned, be opposed.

Moved by Mr. Dawson, seconded by Mr. Powell, that in the opinion of this meeting Athabasca and Peace avenues shall, under no circumstances be closed but that the C. P. R. shall have the right to use them if they agree to provide overhead bridges of the full width of the streets, whenever the mayor and council of the city demand the construction of same.—Carried.

Moved by Mr. Pommerleau, seconded by Mr. Mills, that in the opinion of this meeting the subway on Jasper avenue should be constructed to the full width of the street.—Carried.

Moved by Mr. Gariepy, seconded by Mr. Macdonald, that in the opinion of this meeting it is desirable that bridges on Victoria, Mackay and Harbison avenues should be of the full width of the avenues and that said avenues be left their full width.—Carried.

That these resolutions be put in shape and signed by as many influential citizens as possible, and presented to the city council Wednesday evening by the following committee: Messrs. Dawson, McDougall, Short, J. H. Gariepy and Mowat.—Carried.

Telegraphic.

WESTERN COAL FIELDS

(Crawa, Nov. 18.—If the development of the coal industry to be taken as indicative of the prosperity and development of a region, then Western Canada is making almost unprecedented strides. Mr. T. C. Dennis of the Geological Survey, has just returned from a visit through the principal western coal fields of the mainland and he reports that everywhere coal mining is going ahead at a tremendous pace. It is only a very few years since the coal mines worthy of the name operating in Alberta were the Lethbridge and Cannore mines. These have expanded into large enterprises, and many other similar ventures have since achieved success. There are now in the provinces of Alberta and Saskatchewan over twenty well established and well equipped collieries, besides countless smaller mines which are worked spasmodically to supply local wants.

Figures speak louder than words. The records kept by the Mines Section of the Geological Survey show that in 1887 the coal production of the then Northwest Territories was for that year 74,150 tons, valued at \$167,378. Last year the figures for Alberta and Saskatchewan had attained over 1,000,000 tons, representing a value of over \$2,000,000. In other words, in eighteen years the production had increased about fourteen-fold.

But even at a very greatly increased rate of production, the question of exhaustion of the fossil fuel is yet in a future exceedingly remote, for it has been calculated that the coal bearing region of the great plain provinces, between the international boundary and the 59th parallel of latitude has an area of over 65,000 square miles.

In this vast expanse of country all the different grades of coal are represented—from a lignite, containing fourteen per cent. moisture, 36 volatile matter and 44 per cent. fixed carbon, to an anthracite with as much as ninety per cent. fixed carbon. This variety of coal allows of each industry to be suited to a niche according to its requirements, and coals of superior quality may be found for steam-raising, black-smithing, coke manufacture and domestic use.

One of the features of the coal industry of Alberta, in 1906 has been the inauguration of new methods of mining in the Edmonton region. Heretofore the coal for the use of the district was mined by means of tunnels driven on the coal seams which outcrop on the steep and high banks of the Saskatchewan; this coal was shipped by means of scows. But with the growth of the region, these means were thought inadequate, and within the last three months shafts have been sunk, the deepest to two hundred feet, which will greatly facilitate the extraction and the coal production is now ready to keep pace with the growth of the region expected by the most sanguine Edmontonians. The product of the mines of this district is a lignite coal well adapted to domestic use.

At Lamont, near Banff, the Pacific Coal Company is mining anthracite. The preparation of this coal for the market is attended with the production of a large portion of coal dust. After a long series of experiments as to the best means of utilizing this dust, the coal company is at present erecting a very complete and up-to-date briquetting plant, and it is expected that within a few months an excellent fuel, new to Canada will be placed on the market in the form of anthracite coal dust briquets.

On the mainland of British Columbia the coal industry has not been less active. It is true that in 1906 the only producing company besides the Vancouver Island Collieries was the Crow's Nest Coal Company, but preparations were being made in the Crow's Nest field, in its northern extension and also the line of the Canadian Pacific Railway for the establishment of new and important mines.

At present the largest individual colliery of British Columbia, and of Western Canada for that matter, is the Coal Creek Colliery of the Crow's Nest Coal Company which can handle four thousand tons of coal in a day of ten hours.

Over and above all the producing fields, there are yet in these provinces vast tracts, underlaid by incalculable quantities of coal, which are waiting the advent of the railroad to be developed and to become important producers; and Mr. Dennis believes that judging from all appearances, they will not have to wait very long.

NEW CHILD OVERBOARD.

New York, Nov. 20.—On arrival here today of the S. S. Nieuw Amsterdam, Holland-American line from Amsterdam and Boulogne, it was reported that while the vessel was in mid-ocean on Thursday, Rosa Nagel, a Swiss governess, in a fit of temporary insanity, grasped a baby from a crowd of children at play on the deck, and threw it overboard. Only prompt action prevented the infant's body from being lost. The mother of the child, Mrs. Gurowski, who, with her three children, was on the way from Russia to join her husband in Fargo, N. D., was present.

FARMERS' PAGE

CALGARY SPRING SHOW.

The program, the rules governing the next pure bred sale, horse show and provincial fat stock show have been issued by Secretary E. L. Richardson, who has succeeded Mr. C. W. Peterson as secretary of the Live Stock Associations of Alberta.

Next year's events will take place at Victoria park, Calgary, as follows: Horse breeders' annual meeting Monday evening, April 1st; provincial horse show, pure bred cattle show and fat stock show, Tuesday, April 2nd, all day and evening; auction sale of bulls, April 3rd, 4th and if necessary, the 5th; cattle breeders' annual meeting on the evening of the 3rd, and public meeting on the evening of the 7th. Four lectures illustrated with live stock will be delivered on April 3rd and 4th.

A new sale building is now being erected, 160x80 feet in size. This will give plenty of indoor accommodation should the weather not be favourable, and the horse show, which will be continued in the evening, will be held in this building. It is hoped all the stables will be placed in a row on the high and level ground at the east side of the park.

AUCTION SALE.

The rules governing the sale and shows are now in the printers' hands and will be mailed as soon as possible. There were two important changes made in the rules of sale. In future any owner who by-bids or authorizes anyone to do so for him will not be permitted to participate in future sales for a term to be decided upon by the executive committee. After careful consideration it was decided to make the next sale for bulls only and give the members of the association an opportunity at the annual meeting to decide whether they considered it advisable to hold a sale of female stock in the summer or fall. The above decision was arrived at in view of the fact that at previous sales female stock were not generally in good sale condition and brought correspondingly low prices, which, after deducting the cost of expensive winter fitting, were not profitable. It was considered that they could be sold to better advantage privately or by auction later in the season when they would be in good condition off the grass. The number of the stock each contributor has for sale will be published in the spring auction sale catalogue.

HORSE SHOW.

The annual stallion show will next year be changed to a horse show and will be continued during the evening along the lines of similar shows in the larger cities. Several new and interesting classes will be added to the prize list.

FAT STOCK SHOW.

The fat stock show prize list will also be published at an early date. A new section has been added for pure bred steers and the swine classes will be rearranged. Entries for the fat stock and horse shows close on March 1st, and for the bull sale on February 1st.

All breeders intending to make exhibits or desirous of making sales should begin now and select their animals for feeding. They should communicate with the secretary and become familiar with the rules, limitations of entry, the management of the sale and transportation.

The annual spring show is becoming known each year as the best place to sell stock, as the seller meets buyers from all parts thoroughly acquainted with the value of pure breeds and competent to judge.

It has been suggested in some quarters that a poultry department should be added and a sale of pure bred cockerels conducted in order to give an opportunity to Alberta poultry breeders to improve their pens and take advantage of one of the best and most lucrative markets at the farmers' door.

Mr. Thomas Daly is one of the directors for Northern Alberta.

CALGARY SHORT OF COAL.

Calgary Albertans: During the past few days' cold spell, the coal merchants of Calgary have been having a busy time taking orders or at least refusing orders for soft coal and at present the only coal in the city that can be obtained is hard coal and Blainmore coal.

C. S. Lott to the Albertan: "We have a great demand for coal at present, and are filling all orders with the exception of car lots, which we are receiving from large firms, etc. Now there is such a scarcity we have to be very careful, as we wish to supply all we can for household purposes, therefore we are not supplying large firms with their car lot orders but are looking out to the other classes. Of these we can supply all within a few days."

Peet, Toole Co. have several orders for Blainmore coal which they find is turning out satisfactorily.

"We cannot supply any other but this kind, so our customers have no choice. Regarding the situation for the next week or two they would have nothing to say."

R. C. Thomas said: "We have a few cars but this all went on back orders and we are still some hundred orders behind." When asked if he was successful in getting coal from the north, he said, "I have been in communication with them for some time but I could get only a few cars, which was obtained by my giving them a better price than had been offered before. They have coal at the north mines but the demand from the towns around Edmonton takes it all. The Canadian Northern are also having their supply from these mines, so that little is left to supply Calgary. Besides, they know that the demand from here is through the shortage, so that the owners prefer to supply their regular customers up north."

FORT SASKATCHEWAN

Fort Saskatchewan, Nov. 19.—Owing to much snow and cold weather our railway communication is very unsatisfactory.

Mrs. F. A. Walker has returned from a two month's visit to eastern cities, including Belleville, Ont., Buffalo, Detroit, Winnipeg and Portage la Prairie.

Mr. Percy Hook, of the Alberta College, spent Sunday in the Fort visiting with Mr. and Mrs. Baetz.

Mr. W. J. Hobbs of Edmonton came down on Saturday and returned on Monday morning.

Mr. Joseph Larose is in town today, looking after his interests here.

Rev. A. P. Forbes left for Lamont on Saturday, to assist at the opening services of the Union church there on Sunday 18th inst. This church has been built by the united efforts of the Presbyterian and Methodist people at that point.

Prof. Riddell of Alberta College preached at both services in the Methodist church on Sunday last, in the absence of the regular pastor, Rev. W. J. Howard, who is at Lamont for the day.

A quiet wedding took place on Friday evening in the Methodist church. Mr. W. A. Warren and Miss Watling being the contracting parties. Rev. W. J. Howard officiated.

The annual Thanksgiving services of St. George's church were held last Sunday evening, there was a good attendance despite the cold weather. Rev. Canon d'Easum preached a most impressive and helpful sermon, taking for his text Genesis 28-9 "And Noah began to be a husbandman, and he planted a vineyard." The Canon touched briefly upon the bountiful harvest which had been gathered in and reminded the people of God's never failing promises and blessings. Mr. Duff sang very well with all your hearts" from the oratorio of Elijah, (Mendelssohn).

RED DEER

Correspondence.

Red Deer, Alta. Nov. 21.—J. W. del, O'Grady, general manager of the Northern Bank, and Capt. Robinson, vice-president of the same institution, paid an official visit to the Red Deer branch on Saturday. They expressed themselves as being most pleased with the progress of the branch since it opened in Red Deer four months ago. They left on the noon train for the coast.

Miss B. St. Sile, was the hostess at a very enjoyable euchre party last Friday evening.

Joe Martin, formerly catcher for the Red Deer nine and later one of the Westsiders "Cubs" arrived in town on last night's train. He will rusticate on a homestead five or six miles north of town for the next few months.

A meeting was held in the Alberta hotel sample rooms Saturday night for the purpose of discussing the advisability of organizing an intermediate hockey team for the coming season. R. B. Welliver took the chair. A heated discussion followed on the advisability of cutting loose entirely from the seniors as many claimed that it would be very difficult to make satisfactory arrangements with the rink management for two teams whereas one club could make the necessary arrangements and could decide the dates equally for seniors and intermediates. It was finally decided to call a general meeting of the hockey club and talk things over.

Last week Red Deer experienced its heaviest snow fall in the last ten years and on Saturday the thermometer reached 14 below. Town business, however, is picking up and the farmers rejoice over the snowfall both for the improvement in the traffic and its protection for the fall wheat.

Kenneth Bowman returned from Edmonton on Saturday. He leaves tomorrow for that city, where he will spend the winter.

Mrs. and Miss McKenty, of Lacombe, accompanied by their guests, Miss Quetzle McCoy were the guests of Mrs. A. Scott last evening.

Mrs. A. Scott was the hostess of a very dainty dinner party at her home last evening. Among those present were Mrs. and Miss McKenty, of Lacombe, Miss Quetzle McCoy and the staff of the Northern Bank. A most enjoyable musical evening followed.

RECEPTION TO BISHOP LEGAL.

Contributed.

Vigil: Bishop of St. Albert, returned on Sunday evening, Nov. 17, from a trip to Rome and his people in and about St. Albert, together with the children at the convent, assembled in the reception hall of the convent on Sunday evening to greet him and tell him of their joy at his home coming.

The band composed of boys brought up in the convent, under the leadership of the band instructor and the accompaniment of the organ, played the hymn "Hail to the Chief." This band under the able instruction and leadership of Mr. Varin, would do credit to a metropolitan; there was not a flaw in the accent, rhythm or the rhythm of the music and selection after selection reflected the care with which they had been trained.

The sisters had prepared an entertainment for the occasion, consisting of dialogues and recitations in French and English, and vocal and instrumental solos. For an hour and a half the Bishop sat in smiles for his love for little children is beyond reproach to his character, like His who said "Suffer the little children to come unto me, and forbid them not, for of such is the Kingdom of Heaven."

Mr. Legal impressed those who see him with his kindness of spirit and goodness of heart, while the light of his countenance radiates about him like a halo.

JOHN I. MILLS

The Clothier and Hatter.

ture of the program was a physical culture drill by boys using Indian clubs and the precision with which they swung the clubs and the arctic time they kept with the band, proves that education at St. Albert is not one-sided, that physical as well as moral and mental development is aimed at.

The literary part of the evening was above criticism and was participated in by children ranging in age from four years to those who had reached the estate of young man and womanhood, and the simplicity and grace with which each one performed his part appealed to every one. There was no straining after effect, everything was done simply and with hearts full of love for him whom they had assembled to honor.

A vocal duet by Catharine and Roderick Pugh, four year old twins, the accompaniment being accurately played by the little Catharine, won much applause as did the vocal solo by Miss C. Callion. Miss Callion has a sweet and well trained voice and uses it admirably.

One can not help being impressed with the quiet, refinement and good taste, which is always in evidence at the convent at St. Albert. The boys on the street, the girls in the play ground or parlor are edifying examples of the superior training they get—the home training we might say, and it is the more surprising when we consider the institution houses two hundred children.

At the close of the program Mr. Legal, in simple and happy words expressed his happiness at being at home

again, and the pleasure the evening's entertainment afforded him, and with kind advice to the children his "bonne nuit" was singing in our ears, and we departed with that indefinable feeling that envelops us in an atmosphere of goodness, which is kindness, religion, if you will and which, after all, is the corner stone of refinement even in a worldly sense, for without truth, simplicity and kindness, which one of us is refined.

I intended not to moralize, but who can help it at the Convent Touville at St. Albert?

W. E. P.

THE C. P. R. DEAL

Mr. Editor:

Before the city undertakes to pay all damages for closing Peace and Athabasca Avenues, and all damages in connection with the subway and bridges on Jasper and the other avenues, would it not be well for the commissioners to bring in an estimate of the cost. The map shows some three hundred lots in the small block between Tenth and Sixteenth streets and between Jasper and MacKenzie avenues. The owners of these lots would hardly be satisfied with \$100 a lot for depreciation in value by the closing of Peace and Athabasca avenues. Thirty thousand dollars is a fairly large sum to start with, but where would it end?

Get an estimate of the cost, gentlemen of the council, before you go further.

RATEPATER.

SEEING WELL AND SEEING EASILY

It is more important to see easily than to see well. Good sight may be obtained by great strain, which drains vitality, causing headaches and nervousness.

By four independent tests we exactly measure eye defects, and prescribe perfect glasses, which relieve all eye defects.

Over 150 people in this district wear our glasses, and every one of them is a living guarantee for us.
